|  | <p>Mop head The new hard floor mop tool is the latest in adding that extra care for all of your fine hard surface floor requirements. It's a "dry dust-mop" in a vacuum tool that captures and removes dust and small debris from all those hard to reach places. Dirt and dust trapped deep in crevices is easily lifted away as the fluffy mophead gently dusts and polishes your flooring to a clean, shiny finish. It features a cut-away front to let the dirt in and a large orifice to take it away. Cleaning is easy, just remove velcro attached mophead from the base and drop in the washer. It couldn't be easier. Good for timber, tile or marble.</p> |
|  | <p>Vac Sock Soft covers fit snugly over vacuum hose to protect your walls, floors, woodwork, furniture and corners from scuffs and scratches from the corrugated hoses. This sock will fit all ducted vacuum hoses that are up to 12 metres and ties off at both ends with the in-built elastic tie.</p> |
|  | <p>Turbo head Turbo heads are Ideal for picking up pet hair and bringing the best out of carpets and other floor coverings and bedding. Air-powered rotating brush loosens dirt and picks up threads, hair & fluff. The roller brush is swing-mounted to deliver gentle and thorough cleaning.</p> |
|  | <p>Hard floor tool Small lightweight soft natural brush, efficiently cleans and protect your hard flooring surfaces from scratches. An ideal hard floor cleaning tool for every home.</p> |
